

**GETTING READY
GAME**

What do you do when you are getting ready for an event?

- As most of us are staying at home right now, we're not all thinking about what we do when getting ready!
- Do your parents collect a bag and keys? Brush their hair?
- What do you need to take with you to school? A bag, hat, shoes, books? Collect them all into a pile!
- Time how quickly you can put on and collect all items.
- (What's your best time? Can you beat it?)

Captain's Coming

- As a group, think of some actions you do when getting ready for school. For example “tie your shoes”, which you lean down to do.
- Pick one person to be the ‘Caller’, who will yell out what you need to do. They will call the actions you came up with, *or*
- Call “Captain’s Coming!”, which means all the players need to stand to attention and salute!
- Until the Caller says “At Ease”, saluting is all you can do. Don’t let the Caller trick you!
- The winner is the person who can do all the actions correctly for the longest!
